

MOMU FASHION WALK

Explore the lively
fashion centre of Antwerp!

Head into the city with our
MoMu guides and discover
the places which helped to shape
the Antwerp fashion scene.

Today, Antwerp is one of the world's
leading fashion cities. This fame initially
stemmed from the talent of the iconic
'Antwerp Six', who made it to the top of
the international fashion world from the
1980s onwards and paved the way for
subsequent generations.

This walk focuses on the shops,
buildings and other places which helped
to turn Antwerp into the fashion city it is
today. The guide will also show unique
photographic and video material from the
fashion archive of the MoMu library to
unleash your inner fashion freak!

MOMU

IS CLOSED FOR RENOVATIONS,
OPEN TO INSPIRE AT OTHER LOCATIONS

MoMu is temporarily closed for renovation and will reopen in Autumn 2020.
During the renovations it is not possible to visit the museum building in the Nationalestraat.
While the MoMu building goes 'under the knife', MoMu is stepping out into the world.
You can still enjoy exhibitions at alternative locations, or participate in one of the many
workshops and activities for children and adults, all in the Antwerp area.
