VANILLE FATALE

Vanille Fatale evokes vanilla's alter-ego - a beguiling, richly cinematic and deeply seductive scent.

Queen of the spices, vanilla reigns supreme, wielding its hypnotic allure alongside frangipani and narcissus floral notes. A shadowy forest of an agarwood accord, vetiver and oakmoss eclipse leathery and musky notes. Saffron and coriander encircle the gripping incense of myrrh and olibanum, while the tobacco-like pull of barley surrounds roasted coffee absolute. An entrancing force of nature, luxe vanilla resinoid captivates at the fragrance's core, as rich mahogany and suede notes imprint a sensual finish.

An unapologetic exploration of vanilla. An homage to precious spices. Vanille Fatale is a beautifully crafted fragrance with an innate power of seduction.
