

VELAR

INFOTAINMENT

ABOVE & BEYOND

Range Rover Velar features the Pivi and Pivi Pro infotainment systems which are designed around you.

Electrical architecture delivers crisp, responsive HD graphics and fast start-up time on two beautifully-integrated 10-inch touchscreens.

SERENE EXPERIENCE

READY WHEN YOU ARE

The system enables within seconds of unlocking, so it's ready to go by the time you're in the driving seat

ACCESS ALL AREAS FROM THE HOMESCREEN

A totally redesigned user interface means that most of your favourite features can be accessed directly from the homescreen

CABIN AIR FILTRATION

Works alongside Cabin Air Ionisation to reduce the number of cabin allergens and fine particulates up to 2.5 microns in size

WORK/LIFE BALANCE

SEAMLESS CONNECTIVITY

Apple CarPlay is standard. As is Android Auto and Baidu Car Life¹

PAIR TWO PHONES

Connect two phones via Bluetooth at the same time, allowing either phone to be answered safely whilst driving

FULLY INTEGRATED SPOTIFY

Unlimited music streaming and instant access to more than 60 million tracks and over 1.5 million podcasts²

SMART & CONNECTED

EVA 2.0

Advanced Electrical Vehicle Architecture drives Land Rover's dual-sim Pivi Pro infotainment and Software-Over-The-Air (SOTA) system

SOFTWARE-OVER-THE-AIR

Automatically updates to continuously improve your experience

PHEV CHARGING STATUS

Monitor remaining charge, whilst the system advises the most energy efficient route to take

CELLULAR INTERNET

Connectivity can roam across multiple network providers to maximise signal coverage

¹Dependant on market availability
²Spotify Premium subscription required
