Our designers turned to memories of childhood Christmases, fairytales, and snowy Scandinavian landscapes dotted with rustic red cottages as inspiration for this year's Christmas offerings.

VINTERFINT Scandinavian with a twist

The VINTERFINT 2022 collection is filled with decorative items and holiday essentials to help make Christmas feel magical again.

Designer Eva Lundgreen found inspiration for the collection's colours and patterns in her childhood memories of Christmases on her grandmother's farm in Jämtland. Folkloric art-inspired prints and fairytale

figures feature prominently in the collection and get a fun, modern twist with soft pastels and stripes.

With everything from table linen and tree ornaments to gift bags and wrapping paper, the VINTERFINT 2022 collection makes it easy to prepare for the holidays and create lasting memories.

The scents of the holidays

Traditionally, oranges studded with cloves were hung during the festive season to bring good fortune. Now you can enjoy this Yuletide tradition by lighting an orange and clove scented VINTERFINT 2022 candle.

I love the playfulness of Christmas elves in Scandinavian fairytales. I wanted to bring that same playfulness to the patterns we created for the VINTERFINT 2022 collection.
