ST. JOHN'S
ANTIGUA

10th day of July 2024

Dear ECCAA Staff Members,

The Board of the Eastern Caribbean Civil Aviation Authority formally expresses gratitude and acknowledges the diligent work that has been discharged dutifully by the ECCAA Staff.

This accomplishment by the ECCAA to surpass the average scores of effective implementations in the International Civil Aviation Organisation Region of North America Central America and the Caribbean in the specific areas of Flight Operations, Personnel Licensing and Airworthiness. This has been a direct result of the work completed up to the International civil Aviation Organisation Validation Mission concluded December 2023 and finalized in May 2024.

It is indeed significant that these scores are publicly available to all ICAO member States as a milestone in the continued advancements of the ECCAA. This is testament that the organization is steadfastly dedicated to effectively execute its mandate and mission statement which is to ensure that Civil Aviation within the Eastern Caribbean is primarily safe and secure.

The Board congratulates the staff on this highly technical achievement and encourages all to expand in providing excellent service through partnership with the Participating States.

Kind Regards

Dr. Sean Matthew,

The Chairman of the Eastern Caribbean Civil Aviation Authority.
