

The Longines Elegant Collection: the balance between simplicity and technology

L4.812.4.11.2

Subtly balancing a simple aesthetic and leading-edge technology, the new models in The Longines Elegant Collection house the L891.5 calibre developed exclusively for Longines. This piece's 39.00 mm case is paired with a strap in taupe vegetable material. As a responsible alternative, the exterior of the loop is composed of a new innovative material made from recycled apple waste. The interior is made of recycled corn rubber.
