InnoGames TV: April Episode Released

Hamburg, March 28, 2014. In the current edition of [InnoGames TV](#), online games Developer [InnoGames](#) presents the latest news from its popular titles and offers a glimpse behind the scenes of game developing. In the April episode, Forge of Empire's game designer Anwar replies to community questions regarding the new Guild vs. Guild feature, and Grepolis unveils its upcoming Easter event. In an extensive interview, Jonas from The West team reports on the new 'game master forts' and provides an outlook on the RPGs' future projects. Additionally, InnoGames publishes more information on the upcoming strategy game Tribal Wars 2, and takes a closer look at the title's battles. Finally, Product Manager Robert from Tribal Wars gives an overview on the latest update, 8.20, and host Alexa gives a tour of the new InnoGames-offices, located at the city center of Hamburg.

With the monthly video podcast, InnoGames provides the latest news about its games, as well as a behind-the-scenes look at the daily work of a modern game developer. While the host of the 16-minute long video speaks English, six languages are available via subtitles.

With about 120 million registered players, InnoGames is one of the world's leading developers and providers of online games. Currently, the Hamburg-based company employs 300 professionals from 22 nations. InnoGames has scored major success with games such as [Tribal Wars](#), [Grepolis](#) and [Forge of Empires](#).
