

Diamond Hour BPM- roughly 96

Verse 1

Holes in the light
hold you down
bombarding your cells
don't suffer the rounds
let it suffice to not worry when
testify you say "I'm mystified"
the end ...

Verse 2

Might you say
Its a violent dawn
that conveys like a busted dam
rise up to
its coming out
coming out
to its diamond hour..

Chorus:

Diiiiammoond...hour!
diamond..diamond....
we will mend one day...
in the diamond hour....
Diamond hour...

Bridge/verse:

Be the train
the work here abounds
No one else
but the cellophane man
I'm not an angel
For your wreckage highs
I'm a helium vortex
in blue skies

Bluuueee skies....
Rise up to..

Its coming out
coming out...to its diamond hour.....

Chorus:

Diamond! ...Hour!
Diamond...diamond...

We will mend one day..
in the diamond hour
there's a path..
where the further along..wait...
one day....wait....
