

A Lifetime Carbon Neutral commitment

BECOMING LIFETIME CARBON NEUTRAL BY 2041

Capture our **historical** carbon footprint through forest conservation.

2020
VELUX Today

Reduce the **future** carbon footprint of our company and value chain.

KEY FACTS

5.6 million tonnes CO₂ to be captured through five forest conservation projects run by WWF starting in **Uganda** and **Myanmar**.

These projects will **tackle climate change** and **halt habitat loss**, preserving **biodiversity** and **improving local livelihoods**.

We will be a **100% carbon neutral company by 2030** (scope 1 and 2).

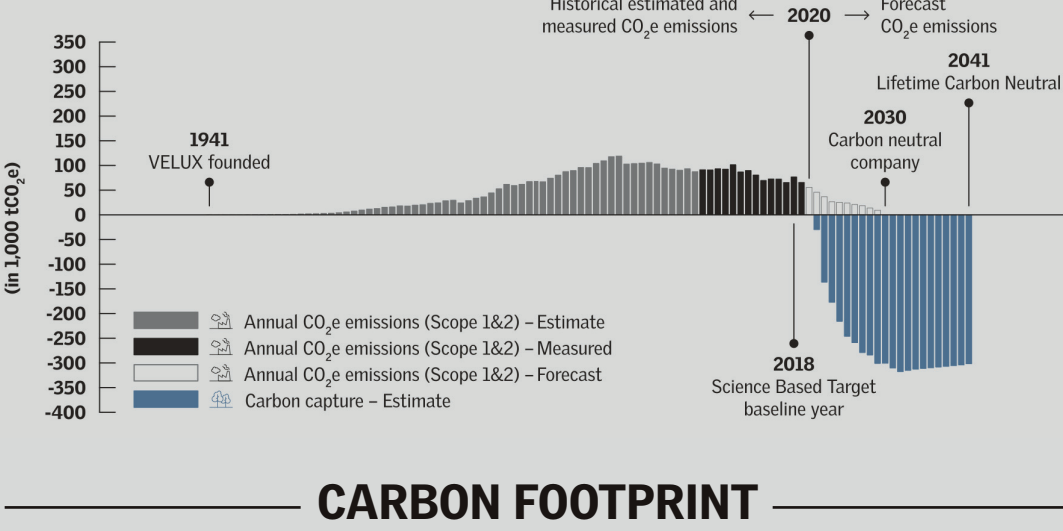

We have committed to a **50% reduction of our value chain carbon footprint**.

We will become **Lifetime Carbon Neutral** by **2041** (scope 1 and 2).

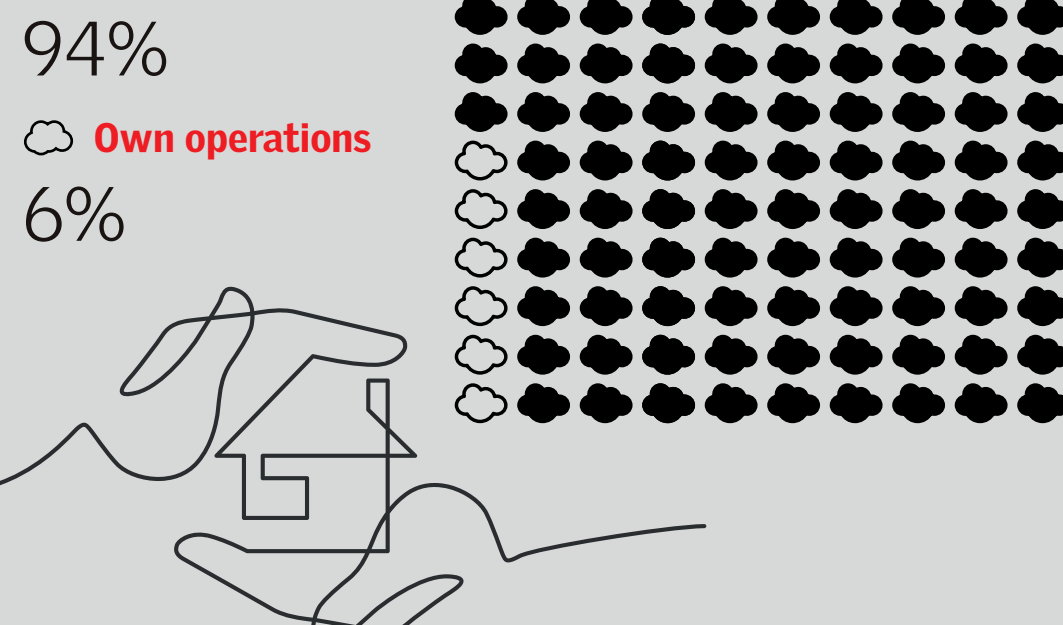

For almost 80 years we have **created better living environments for people around the world**; making the most of daylight and fresh air through the roof to ensure a **healthy and sustainable** indoor climate for work and learning, for play and pleasure.

Up to 135 million EUR invested to achieve the **Lifetime Carbon Neutral commitment** and the other 2030 sustainability targets during the next 20 years.

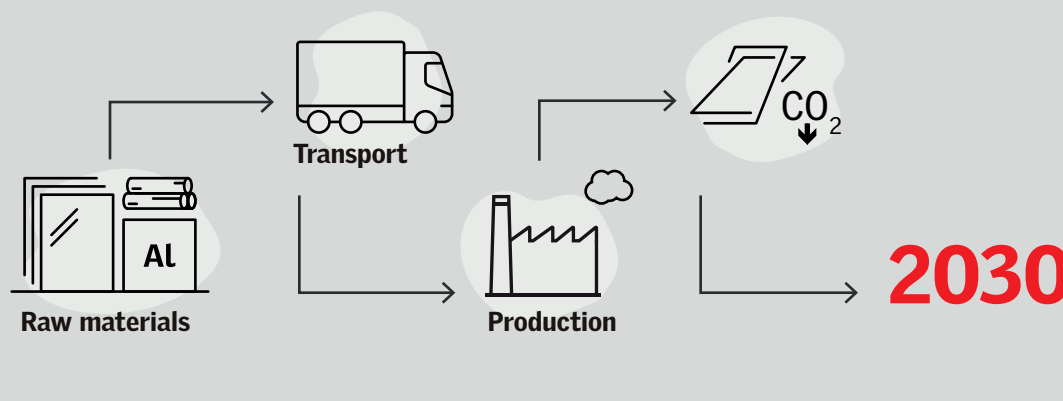

YEARLY CO₂ EMISSIONS FOR THE VELUX GROUP

SCOPE 1, 2 & 3

FOREST PROJECTS AROUND THE WORLD

Together, the **VELUX Group** and **WWF** will set up five forest conservation projects to capture VELUX historical CO₂ and deliver **benefits** for both **biodiversity** and **local communities** for years to come. The first two projects will be in Myanmar and Uganda.
