At the 2023 Met Gala in honor of the Costume Institute exhibition, “Karl Lagerfeld: A Line of Beauty,” Estée Lauder Global Brand Ambassador **Grace Elizabeth** paired a vivid pop of pink on the eyes and cheeks, with a soft nude lip.

Grace wears **Estée Lauder Pure Color Lipstick in Modern Muse**.

“With Grace’s beauty look, I wanted to pay homage to Karl’s iconic use of pearls by applying real pearls applied around her eyes. I used a combination of an Estée Lauder bronzer and vivid pink blush around her eyes and cheeks to enhance the look and play up the subtle pink sheen of the pearl accents around her eyes and cheeks. I used Pure Color Lipstick in Modern Muse for a nude lip, to keep the focus on the pink pop of color of her cheeks and balance out the brightly hued dress,” said Maki Ryoke, Grace’s make-up artist.
