LS-60BK

Wooden turntable with built-in speakers and Bluetooth

Bring a warm, vintage touch to your modern music setup with the LS-60BK — a beautifully designed wooden turntable that sounds as good as it looks.

Housed in a classic MDF cabinet, it features a sturdy metal tonearm, a 300mm platter, and a removable dust cover to keep things clean and stylish.

2-Way Bluetooth Connection

With Bluetooth reception and transmission, you can stream your vinyl to wireless speakers or play music from your phone through the turntable's built-in stereo speakers.

Stream Vinyl to Bluetooth headphones or speakers.

Stream music from your phone to the turntable via Bluetooth.
