

Make music and get creative with XS Wireless Digital

Special anniversary offers on the Vocal, Lavalier, Pedalboard and Portable Lavalier Sets

Wedemark, August 14, 2020 – Whether you are a musician or a content creator – Sennheiser’s anniversary deal for August and September has something great in store for you! To celebrate its 75-year anniversary, Sennheiser is offering the XSW-D Vocal Set for singers, the XSW-D Lavalier Set for speakers, the XSW-D Pedalboard Set for guitarists and bassists and the XSW-D Portable Lavalier Set for videographers at more than 40% off. All systems will be available at EUR 199 MSRP (USD 199.95 MAP) instead of EUR 349 MSRP (USD 349.95 MAP). Please visit www.sennheiser.com/special-deals for a list of dealers offering this promotion. Still on special offer until August 31 are the Memory Mic and the XSW 1-835 Vocal Set.

An instant connection: One touch and the system is ready to transmit audio wirelessly

Going wireless has never been easier

With simple one-touch operation, license-free use and convenient USB recharging, XS Wireless Digital is ideal for first-time wireless users – and any user who seeks simplicity and quick set-up in their wireless gear. XSW-D replaces the cable with sleek, compact transmitters and receivers that work on 2.4GHz for worldwide use.

The system can be muted from either receiver or transmitter. It has a range of up to 75 meters under line-of-sight conditions – plenty to ensure freedom of movement for musicians and to allow videographers to work with varying camera distances. Batteries last for up to 5 hours and can conveniently be recharged via USB. The system elements are compatible with each other, enabling you to configure any combination of receiver and transmitter.

The systems at a glance

For singers and presenters: the XSW-D Vocal Set

For guitarists and bassists: the XSW-D Pedalboard Set

For speakers and presenters: the XSW-D Lavalier Set

For videographers and content creators: the XSW-D Portable Lavalier Set

The **XSW-D Vocal Set** includes a transmitter (XLR-3) and receiver (XLR-3, e.g. for mixing desks), an XS 1 microphone (cardioid pick-up pattern), mic clip and USB charging cable.

The **XSW-D Pedalboard Set** includes the pedalboard-style receiver with a built-in guitar tuner, power supply for the receiver, a plug-in instrument transmitter with an extension cable and belt clip, connection cable for the pedalboard and a USB charging cable.

The **XSW-D Lavalier Set** includes a transmitter (mini-jack) with belt clip, receiver (XLR-3), ME 2-II lavalier microphone with mini-jack connector and USB charging cable.

The **XSW-D Portable Lavalier Set** includes a transmitter (mini-jack) with belt clip, receiver (mini-jack) with camera connection cable and shoe mount and an ME 2-II lavalier mic.

The XSW-D Pedalboard Set features a built-in guitar tuner
