

Cool skin, Boost moisture

with 2 New Cryo Rubber Masks
Available as from **mid-January 2025**

Dr.Jart+
SKIN. SCIENCE. ART.

Imagine skincare that's quick, effective, and revitalizing—all while reducing skin temperature by 11°C for an incredible cooling effect.

Discover the power of the Dr.Jart+ Cryo Rubber™ range. What started with intense hydration from the Cryo Rubber™ Moisture Mask and soothing care from the Cryo Rubber™ Soothing Mask has now expanded—introducing new innovations that take firming and brightening to the next level: Cryo Rubber™ with Firming Glycerin and Cryo Rubber™ with Brightening Vitamin C. There's a Cryo Rubber mask for every skin need!

***Suggested Retail Price**

Cryo Rubber™ with Firming Glycerin

This 2-step mask, rooted in Cryotherapy, is your go-to for addressing sagging skin, delivering instant moisture that cools and plumps your skin to reduce the appearance of dry lines. The highly concentrated ampoule packed with Glycerin works in harmony with the soft, flexible skin-cooling mask to plump the fine, dry lines with moisture, slowly lowering skin's temperature and leaving skin smoother and bouncier than ever before!

Ready to experience the new generation of Cryo Rubber™? It's time to firm up your skincare routine.

SRP*: €14 (4g+40g)

Available at Douglas and online at douglas.be and farmaline.be

Cryo Rubber™ with Brightening Vitamin C

This 2-step mask inspired by Cryotherapy is infused with a highly concentrated brightening ampoule, delivering a cooling burst of Niacinamide and Vitamin C. Yes, it revitalizes and boosts glow, but it also feels incredibly refreshing and cools skin. This soft, flexible skin-cooling mask targets dullness and the look of blemishes, leaving your skin visibly brighter, glowy, and alive with moisture.

Experience a brighter, more radiant you in just a single application!

“

Cryo Rubber masks go beyond the usual sheet mask with more intense results, skin cooling to help reduce daily inflammation and a true “me-time” with 30 to 45 minutes of relaxation. **I recommend using them at night in place of a serum:** after toning the skin with one of our lotions/essences to boost efficacy, and before using one of our creams to seal the benefits in.”
