Starship Troopers: Extermination

Description

Starship Troopers: Extermination is a co-op FPS that puts you on the far-off front lines of an all-out battle against the Bugs! Squad up, grab your rifle, and do your part as an elite Deep Space Vanguard trooper set to take back planets claimed by the Arachnid threat!

Developer

Founded in 2014 by a group of passionate game developers, Offworld is an acclaimed game studio with more than 100 team members located in their New Westminster headquarters and around the world. With the studio's first IP licensed game Starship Troopers: Extermination now in Early Access, Offworld is committed to the ongoing development of the hit FPS shooter Squad, as well as WWII-shooter Squad 44. Having sold well over three million copies of Squad, Offworld looks to the future with a focus on bringing players together in experiences where they must rely on teamwork in order to compete, in both existing and in-development titles. Features

- **DO YOUR PART:** Take up arms as one of six unique classes: Sniper, Ranger, Demolisher, Guardian, Engineer, and Medic!
- **ACROSS THE UNIVERSE:** Fight against the Bugs on hostile planets spanning the galaxy!
- **AUTHENTIC WEAPONS:** Kill 'em all with iconic weapons from the Starship Troopers franchise!
- **FIGHT THE HORDE:** Put the Bugs down for good as endless swarms try to stop you from completing your mission!
- **DEFEND YOUR BASE:** Construct a base with the best turrets and fortifications the Federation can offer and then defend it from the Bugs!
- **ESCAPE THE BUG PLANET:** Once your mission is completed, fight through the horde with your squad to reach the dropship and escape with your lives!
- **PERSISTENT BUG BODIES:** The carnage system introduces a groundbreaking feature where bug bodies remain in the world, creating a realistic and chaotic battlefield.
- **STRATEGIC ADVANTAGE:** Players can climb on top of Bug piles to gain superior vantage points over their enemies.
- **IMMERSIVE WARFARE:** The persistent damage and carnage provide a more authentic

representation of the brutal war against the
arachnids.
