

HOTELS

The offer of hotels and B&Bs in Florence is large. However, because of the touristic attractiveness, the demand is high and the prices are constantly fluctuating. It was therefore impossible to guarantee a block reservation with a reasonable fee for the event. The Congress center has provided some hotels in the proximity of the venue of the conference on Friday morning. Please double-check the fare and the cancellation policy when booking your room.

You are of course free to select other hotels in the City which are better corresponding to your preferences.
