RANGE ROVER SPORT

HEIGHT OF EXCLUSIVITY

For the first year of production, New Range Rover Sport SV is offered by invitation only, in limited edition **SV EDITION ONE** specification, featuring exclusive branding on the front splitter, centre console, treadplates and puddle lamps.

CALMING COMFORT

New Body and Soul Seat introduces the latest in-car sensory audio technology, enabling Range Rover clients to feel the sound, and experience wellness benefits.

LIGHTWEIGHT OPTIONS

World-first, optional 23-inch Carbon Fibre Wheels save 35.6kg, minimise un-sprung mass, and improve handling, acceleration and ride quality.

STOPPING POWER

Outstanding braking performance with exclusive Brembo eight-piston front calipers, and optional lightweight Carbon Ceramic Brake discs.

ULTIMATE EXPERIENCE

Unique **SV Mode** amplifies the benefit of New Range Rover Sport SV's uprated hardware, intensifying its sporting attitude, to deliver the **most dynamic experience**.

TOP PERFORMER

Mild-hybrid, twin turbo V8 engine produces 635PS and 750Nm*, propelling it from 0-60mph in as little as 3.6 seconds and on to 180mph top speed.

PERFECT POISE

World-first **6D Dynamics** uses switchable volume air suspension and hydraulically interlinked, multi-valve dampers to **significantly reduce pitch as well as roll**.

ASSERTIVE PRESENCE

Exclusive grille and front bumper optimised for **high-speed airflow**, while ride height reduced by up to **25mm**, amplifying assertive, grounded aesthetic.
