

## PRESS RELEASE

# The Largest Stock of Original Cimballi Group Spare Parts in the Region Now Available from REPA Middle East

A partnership that makes servicing LaCimbali, Faema and Casadio's best-selling machines across the Middle East, Africa and India easier than ever.

Dubai, June 8, 2026

**La Cimbali, Faema, Casadio original parts now available in Middle East, Africa and India.**

[REPA Middle East](#), the newly established Dubai-based branch of REPA, has partnered with Cimballi Group to simplify the daily operations of coffee professionals who service, maintain or distribute some of the region's most popular commercial and bean-to-cup coffee machines from LaCimbali, Faema and Casadio.

### A Wide Range of Original Spare Parts Stocked in Dubai

Thanks to REPA Middle East's fulfilment centre located in Dubai's Jebel Ali Free Zone, service technicians, engineers, coffee roasters, coffee shops and importers can now access more than 800 original spare parts, with the range continuously expanding. Orders are shipped within 24 to 48 hours, helping customers accelerate maintenance and distribution activities while reducing operational costs through fast, local availability.

### Local Team, Proven Expertise

Original spare parts for LaCimbali, Faema and Casadio are available 24/7 through the REPA Middle East eCommerce platform and can be purchased in U.S. dollars. Combining the convenience of online access with the expertise of a local Dubai-based team, REPA Middle East provides customers with technical guidance, customs support and responsive assistance in the same time zone.

*"This partnership reinforces our commitment to making original spare parts for the region's most in-demand brands readily available across the region and beyond. It represents another important step in delivering our promise to be 'Your Original Spare Parts Experts at Your Fingertips', helping customers quickly identify and receive the parts they need to keep OEM equipment running efficiently through REPA Middle East's lightning-fast delivery" says **Luigi Tonon, Managing Director of REPA Middle East**, who adds: "We are especially proud to partner with Cimballi Group, a company renowned worldwide for its dedication to quality, innovation and service."*

*“We are delighted to partner with REPA Middle East, a trusted organization with extensive expertise in the distribution of original spare parts”* comments **Mauro Belletti, Commercial Planning & Outbound Logistics Director**, who adds: *“This collaboration marks an important step in strengthening our after-sales support across the region, ensuring that customers have even faster and more reliable access to genuine Cimballi Group spare parts. By combining our commitment to quality, innovation, and customer satisfaction with REPA Middle East’s strong distribution capabilities, we can further support our customers in maintaining the highest levels of performance and operational efficiency.”*

## **REPA MIDDLE EAST**

REPA Middle East offers a wide selection of spare parts for foodservice, refrigeration, coffee and vending from the most important OEM brands on the market, all available through its eCommerce platform. Its spare parts experts, including a Dubai-based team, with years of customs and technical expertise, are ready to assist customers and OEMs in their time zone. The local fulfilment center in Dubai - stocked with mission-critical original spare parts - allows to speed up maintenance of equipment and distribution of spare parts while keeping costs down, thanks to fast, local availability.

REPA Middle East is part of REPA, the European division of Parts Town Unlimited.

## **CIMBALI GROUP**

Cimballi Group is among the leading producers of professional coffee and milk beverage machines and coffee shop equipment. The Group, which includes the brands La Cimballi, Faema, Slayer, and Casadio, operates through two production facilities in Italy and one in the United States (Seattle, producing Slayer-branded machines), employing approximately 750 people in total. In 2019, with the acquisition of Keber, an excellence brand for professional coffee grinder production based in Dolo (Venice), production sites increased to four.

The Group’s commitment to promoting espresso culture and local heritage was realized in 2012 with the founding of MUMAC – Museo della Macchina per Caffè, the first and largest permanent exhibition dedicated to the history, world, and culture of espresso machines, located within Cimballi Group’s headquarters in Binasco. MUMAC hosts MUMAC Academy, Cimballi Group’s coffee machine academy, a center for training, dissemination, and research.
