EVOC BIKE PACKING – SPRING/SUMMER 2023

NEW EVOC BIKE PACKING RANGE

Completely waterproof and with new sizes it offers even more options for multi-day tours

Whether it's a micro adventure on your doorstep or a multi-day expedition in far away countries - there is hardly anything more fun than exploring the world on a bike. At least that's what the EVOC team thinks. And with the new, completely revised BIKE PACKING range that will be launched in autumn 2022 things will get even better: the new generation of BIKE PACKING bags is now completely waterproof and with a wide variety of sizes it offers ample space even on arduous multi-day rides.

The first EVOC BIKE PACKING range 2020 was defined by the search for the perfect trail and therefore the desire to make BIKE PACKING accessible for any kind of bike, but specifically mountainbikes. The focus was on uncompromisingly firm fixture and minimal volume, so as not

In the last 20 years, we have travelled to more than 50 destinations – always in search of the best trails and most amazing powder runs. Finding the right backpacks and bags that met our requirements in terms of functionality, protection and quality was difficult. So, we started developing equipment according to our personal preferences. Since 2008, EVOC has stood for evolution and the concept of high-quality, sporty backpacks, bags and luggage – with a particular focus on proper protection. EVOC – PROTECTIVE SPORTS PACKS

to impede the fun (and safety) while riding even the most challenging terrain. What the global market leaders for protector backpack hadn't realized at the time? The extent to which they themselves would fall for BIKE PACKING and specifically gravel biking. The tours that the EVOC team members and ambassadors embarked on became increasingly long and varied. Frequently, this led to us noticing all the different little details where the BIKE PACKING bags could further be improved. In the meantime gravel biking has reached the mainstream - so the timing for our new range couldn't possibly be any better!

What makes the new BIKE PACKING range special?

From spring/summer 2023, the new range will not only offer a wide array of volumes (SEAT PACKs up to 16 litres) but handling and ergonomics have also received a substantial upgrade. For example, the renowned mounting system with the BOA® Fit dial which was developed in collaboration with EVOC has been further optimized. It offers excellent stability and is very easy to use. Hidden ventilation orifices now enable the bags with roll-up fastening to compress the contents and improved cable channels on the HANDLEBAR packs make mounting them even easier on different types of handlebars. In addition, the entire range is waterproof, has been fitted with welded seams and waterproof zips. The Velcro straps have been replaced by highest quality and cut-to-size hypalon Velcro straps. All bags are also equipped with reflective logo prints that enhance the riders' visibility in the dark.

The entire product line will be available in the colours steel and carbon grey in various sizes from autumn 2022.

Here is an overview of all the BIKE PACKING innovations:

HANDLEBAR PACK BOA® WP 2,5 / 5

Whether for everyday use, a day trip or a big bike adventure, the HANDLEBAR PACK BOA WP offers you carefree, additional storage space for your tour. Thanks to the patented BOA® Fit System, it is not only very easy to mount - for maximum riding fun, it also fits perfectly, even on rough terrain and in sporty off-road use. The design of the bag has been optimized so that it fits every type of handlebar (from MTB to road bike). All cables have space, even when you're gripping the top handlebar there is nothing in the way. In addition, the HANDLEBAR PACK BOA WP is dirt-repellent, abrasion-resistant and waterproof with its welded seams. It is available with a volume of either 2.5 litres or 5 litres. Practical: windbreakers or other

In the last 20 years, we have travelled to more than 50 destinations – always in search of the best trails and most amazing powder runs. Finding the right backpacks and bags that met our requirements in terms of functionality, protection and quality was difficult. SEAT PACK BOA® WP 6 / 8 / 12 / 16

Regardless of whether you prefer to ride your road bike, gravel bike or mountain bike: The easy-to-mount saddle bag offers extra storage space and thanks to the innovative quick-fix system with BOA® Fit System, it is not only mounted on any seat post in a flash - it also offers uncompromising and therefore worry-free grip on rough trails or cobblestones. The bag is just as carefree when it comes to handling. Its material and welded seams make it absolutely waterproof. It is also robust, dirt-repellent and abrasion-resistant. The large, roll-up opening allows quick access to the contents and additional equipment can be attached to the outside with elastic cords. The SEAT PACK BOA WP saddle bag is available in four different sizes: with 6 or 8 litres of packing volume for day trips and micro-adventures and with 12 or 16 litres for multi-day tours and expeditions.

SEAT PACK WP 2 / 4

The SEAT PACK WP is a lightweight, completely waterproof saddle bag for additional, compact storage on your bike tours. It is mounted very quickly with velcro straps, fits virtually any seat post and with the adaptable volume it comfortably offers space for tools, a raincoat and provisions. Thanks to the abrasion-resistant, dirt-repellant and waterproof material with fully welded seams, you don't have to give the contents a second thought even in torrential downpours and the muddiest conditions. The large, roll-up opening offers easy access and in combination with the compression straps enables optimal compression of your gear. This ensures everything sits securely in place without wobbling even when you're in full-on race mode.

MULTI FRAME PACK WP S / M

With the MULTI FRAME PACK WP the name says it all, really. The smartly cut, waterproof frame bag is super easy to mount to all kinds of frame designs. No matter if you prefer gravel, mountain or road biking, this compact bag will let you carry tools, inner tubes, etc. within easy reach while perfectly protected from dirt and water. The Velcro fastening straps can be cut to size and the multiple mounting options enable you to secure it virtually anywhere on your frame either vertically or horizontally; transparent frame-protection strips are included. For those who would rather bring an extra chocolate bar, we also offer the MULTI FRAME PACK WP in M.

FRAME PACK WP S / M

Your next ride is already planned, but you don't know where to put your rain jacket, food etc.? With the practical FRAME PACK WP bag, you can get the maximum extra storage space for every bike adventure where you want to carry a bit more gear. It's light, easy and secure to attach to different frame shapes and neither rain, mud nor dirt can harm your bag's contents in the slightest. And best of all: the easy-to-reach, wide-opening zips mean you can easily access your gear at any time, even while riding! To prevent scratches on the paintwork, transparent frame protection strips are included and the Velcro straps can be individually cut to size. The FRAME PACK WP is available in size S with a packing volume of 1.5 litres and in size M with a volume of 3.5 litres.

TOP TUBE PACK WP

The robust and waterproof TOP TUBE PACK WP offers practical and easily accessible storage space for all your essentials. From snacks, tools and sunscreen to a power bank or mobile phone, everything is within reach and safely protected from rain and dirt. The zip can be opened with one hand, making it easy to use even while cycling. The bag is mounted directly behind the stem on the top tube. You can either bolt it on, if your bike has mounting points, or strap it to the top tube with the cut-to-size Velcro straps. And to prevent paint or carbon from getting scratched, transparent frame protection strips are included.

RRP: 40 €

TOOL WRAP WP

The compact and sturdy TOOL WRAP WP roll-up bag helps you perfectly organize and carry essential tools securely on your rides. The three compartment layout makes it easy to store your inner tube, multitool, etc. and keeps everything protected from dirt and water. The bag is also easy to clean, convenient to attach under any saddle by means of velcro straps and like all EVOC BIKE PACKING bags, guarantees a very secure mount.
