

PRESS RELEASE

REPA to cover MBM spare parts supplies during manufacturer's summer renovations

Cesena, Italy – July 16, 2024

REPA, the leading European spare parts distributor for foodservice equipment, coffee, vending machines and household appliances, **will be covering all MBM spare parts orders from 1st to 23rd August 2024.**

This **exclusive supply** comes as the commercial catering equipment manufacturer undergoes a period of renovations throughout its distribution hub. These major improvements to MBM warehouse will cause the temporary suspension of direct parts selling.

As a global supplier of over 8,000 MBM original spares, REPA will step in to **ensure continuity of supply** and peace of mind for MBM customers. Thanks to this service, foodservice operators will be able to rely on the leading spare parts distributor for **original spare parts**, delivered within 48 hours all over the world – setting the industry standard for speed, efficiency and availability.

Alexander Wiegand, REPA CEO, adds: *“As MBM undergoes a summer period of renovation to its infrastructure, we are proud to be trusted with the job, making sure every MBM customer is covered in the event of potentially costly machine downtime. Within this partnership of shared values and business objectives, we’re delighted that MBM customers globally will be able to count on us to source the brand's most popular spare parts, always in stock and available within 48 hours to guarantee lightning-fast continuity of service.”*
