Portable DAB+/FM radio with Bluetooth

 **Bluetooth®**

Compact, stylish, and built for modern listening, this DAB+ radio packs clear sound, smart features, and reliable portability into one sleek device. With Bluetooth 5.3, FM radio with RDS, and up to 10 hours of battery life, it's the perfect companion at home or on the move. Includes AUX input, earphone jack, and USB-C cable for charging.

### Digital Audio Broadcasting (DAB+)

Tune in to crystal-clear audio with Digital Audio Broadcasting (DAB+), offering more stations and better sound quality than traditional FM. Plus, with PLL FM and RDS function, you can still enjoy your favourite FM stations with extra station info on-screen. Easily access favourites with 3 preset buttons.

#### Key Features:

- Digital Audio Broadcasting DAB+
- Bluetooth 5.3
- PLL FM radio with RDS function
- 3 preset buttons
- 1.77" (4,5cm) TFT LCD color display
- Clock and alarm function
- Sleep timer
- Output power: 2 Watt (RMS)
- Integrated rechargeable battery
- Battery capacity: up to 10 hours
- Telescopic antenna
- Included : USB-C cable
- Connections: AUX input, 3,5mm earphone jack

### Dual Alarm, Snooze & Sleep Timer

Wake up your way with the built-in clock and alarm function, and drift off peacefully with the sleep timer. Whether by your bed or on your travels, it's got your daily routine covered.

### Clear Colourful Display

The sharp 1.77" TFT LCD colour screen provides clear visibility of station names, time, and track details. A stylish and functional touch that makes browsing and setting alarms effortless.

### Battery & Charging

Enjoy extended listening with the integrated rechargeable battery, offering up to 10 hours of playtime on a single charge — ideal for all-day use at home or outdoors. Charging is simple and fast via the included USB-C cable, making it easy to power up from a laptop, power bank, or standard USB charger.
