

A DROP OF LOVE

for Mother's Day

CELEBRATE A LOVED ONE WITH BIOLOGIQUE RECHERCHE

There's no bond stronger than that with our father or mother. So, on their special day, share a memorable moment with them by offering them an exceptional Biologique Recherche gift.

MOTHER'S DAY

Find out about Biologique Recherche's essentials

AN EXCLUSIVE MOTHER-DAUGHTER/SON MOMENT

OFFER AN EXCEPTIONAL BIOLOGIQUE RECHERCHE TREATMENT

For Mother's Day, offer a quintessential personalized Biologique Recherche treatment. During a skin diagnosis, our experts strive to understand the skin's messages, in order to define the right treatment protocol for their Skin Instant®.

Surprise and delight her with instantly visible results: it's an experience she will never forget.

Your mother will enjoy a unique moment of well-being in one of our truly welcoming salons.

OUR SELECTION FOR MOTHERS

Lait VIP O₂

Recommended for dull and asphyxiated Skin Instants[®] exposed to pollution.

Biologique Recherche cleansers help to prepare the skin, with a personalized approach, by removing all traces of make-up and pollution. These products contain active ingredients that begin the skincare process, leaving the skin soft and refreshed. They are the first step in every treatment and should be used daily, in the morning and in the evening.

Biologique Recherche has developed four cleansing milks to be tailored to your Skin Instant[®].

LOTION P50

Recommended for Skin Instants[®] with established wrinkles.

A gradual, purifying, cleansing and reconditioning product, with its exfoliating, purifying properties and low pH, Lotion P50 has become the ultimate solution to recondition the epidermis. This unique skincare product combines the benefits of a purifying and exfoliating lotion.

To meet the specific needs of each Skin Instant[®], Lotion P50 has been customized over the years and can be tailored to suit all Skin Instants[®].

Crème MSR-H Visage

*Recommended for mature Skin
Instants®.*

Crème MSR-H is a **comprehensive anti-aging skincare product**: containing a **high concentration of active ingredients that combat the effects of menopause on the skin**. It helps improve skin firmness and elasticity, in particular by combating skin dryness through lipid-restoring and moisturizing active ingredients (Shea Butter, Beeswax). With its comprehensive skin firming action, Crème MSR-H smooths and reduces wrinkles and fine lines and redefines the facial contour. The skin looks rejuvenated and rested.

This cream combats the signs of age through its regenerating, moisturizing and anti-aging action.

EXCLUSIVELY FOR HER LATEST INNOVATION

Sérum Collagène Originel

Recommended for Skin Instants® with established wrinkles.

While collagen increases and continues to accumulate until about age 25, when the skin reaches the peak of its mechanical resistance, it subsequently begins to naturally decrease by about 1% each year. This causes the skin to flatten and then sag. Skin is more fragile and becomes thinner and more wrinkled.

Sérum Collagène Originel **boosts the production of collagen I, III, IV and VII, reduces wrinkle length and redensifies the skin in 3 dimensions.**

*Mother's Day, Biologique Recherche has chosen products
to give your beloved mom beautiful skin.*

A PRECIOUS GIFT

La Grande Crème

Recommended for Skin Instants® affected by cutaneous aging.

A total innovation, La Grande Crème targets all age-related phenomena. For the first time, Biologique Recherche has identified and selected EpigenActiv®, a peptide which, when combined with regenerating active ingredients, improves the functional architecture of elastin and collagen fibers for a genuine lifting and anti-wrinkle effect. The skin on the face is stronger, irregularities are smoothed and the complexion is lighter and more uniform.

Le Grand Sérum

Recommended for Skin Instants® affected by cutaneous aging.

Le Grand Sérum provides a unique new formula based on TélomerActiv® and further enriched with 27 anti-wrinkle, anti-oxidant, firming and regenerating active ingredients. This genuine elixir protects and illuminates the skin all day long. It improves the skin's appearance, visibly reduces wrinkles and makes the complexion more radiant.

FATHER'S DAY OUR SELECTION FOR FATHERS

Gel ADN Silkgen

Recommended for dehydrated Skin Instants®.

Our bestseller with men is **Gel ADN Silkgen**, a **refreshing hydrating fluid enriched with antioxidant active ingredients**. This product preserves skin's moisture. Skin feels silky, rehydrated, and radiantly fresh.

Sérum Oligo-Protéines Marines

Recommended for dull Skin Instants® with dark circles.

Sérum Oligo-Protéines Marines is an **energizing, anti-dark-circle serum** for the face, specially designed for the delicate eye contour area. It **reduces the bluish appearance of dark circles and offers a real anti-fatigue effect**. In a single step, dark circles are plumped up and eyes seem more rested and luminous.

Patchs Défatigants

Recommended for tired Skin Instants®.

A biocellulose mask for the eye contour area, Patchs Défatigants immediately reduce visible signs of fatigue around the eyes, **reduce puffiness under and above the eyes, and smooth and lift wrinkles and fine lines from dehydration**. An innovative, pleasant and effective experience for rested eyes.

Finding the perfect Father's Day gift can be tricky, but Biologique Recherche offers a skin diagnosis and unisex skincare products tailored to each Skin Instant®.

À PROPOS DE BIOLOGIQUE RECHERCHE

Depuis près de 50 ans, Biologique Recherche a acquis une renommée incontestée grâce à l'efficacité de sa méthodologie exclusive, qui repose sur une approche clinique du soin de la peau pour offrir des résultats à la fois immédiats et durables. La marque dispose de son propre laboratoire en France, où elle formule sa gamme de produits-soins sans parfums artificiels. Alliés à des protocoles hautement personnalisés, ces produits sont ciblés pour restructurer l'épiderme. Biologique Recherche est le partenaire de choix des spas et médispas d'exception, ainsi que des plus beaux hôtels de luxe dans plus de 80 pays. Biologique Recherche possède ses propres Ambassades, lieux phares de la Maison, à Paris, Rome, Bruxelles, Stockholm, Shanghai et Los Angeles.
