## Paris' First Gourmet Hotel

---

The Fauchon L'Hotel Paris is the city's first Gourmet Hotel — built by the FAUCHON food brand known for its incredible pastries and savory foods.

Fauchon L'Hotel Paris is an intimate and exclusive world designed for those who are passionate about gourmet pleasures and always make the time to seek, savor, slumber, satisfy, splurge, spoil, and surprise.

Live life as a succession of pleasures, savor each moment as a future memory. The hotel's Artisans of Pleasure have designed an incredible sensory experience inspired by the house of FAUCHON's commitment to the finest culinary indulgences.

Let us welcome you in divine FAUCHON fashion with a special arrival cocktail of the day and our legendary macarons.

Upon arrival in your stunning guest room or suite, our iconic Gourmet Bar and your very own plate of fresh macarons is yours to indulge any moment of the day or night as you make your home with us in Paris. Come delight in our bespoke world of innovative Gourmet Moments, celebrated attentions, and ultimate indulgences.

A day at Fauchon L'Hôtel Paris begins with breakfast in your room/suite or at the Grand Café Fauchon to contemplate the city of light as it comes to life and experience the excitement of Parisian life in the early morning.

Have lunch at The Grand Café Fauchon or if you are out and about exploring Paris, we hope you will make time to join us for Afternoon Tea Time in the Tea Garden or GLAM Hours (our special take on Happy Hour) at The Grand Cafe Fauchon — or, in season, a cocktail on the Terrace in the shadow of the Madeleine Church.

Dinner is always in fashion with a variety of shareable plates and entrees, fine wines, inventive cocktails, and incredible desserts at The Grand Cafe Fauchon: a menu with explosive flavors where the best seasonal products meet a high dose of creativity to delight your senses at every gourmet moment of the day. And of course, don't forget to visit the Boutique and Wine Cellar for a special FAUCHON treat to take home with you.

And did we forget to mention that whatever you don't consume from your Gourmet Bar, we can pack up to take with you?

At Fauchon L'Hotel Paris, life is about continued moments of gourmet pleasures at Paris' first Gourmet Hotel.
