

Business Sector Carbon Workshop, 24th May 2022

Workshop Objective

The objective of the workshop is to better enable private sector interests in the OECS region to leverage business opportunities with respect to carbon credits. The workshop will equip participants with knowledge for developing carbon projects and selling or buying emission reduction in the region. The workshop will be delivered in a **virtual, interactive format, from 0900 to 1230 Eastern Caribbean Time (GMT-4)**
