

TOM FORD

NEROLI PORTOFINO PARFUM

Launching in June 2024, in Limited Edition

Neroli Portofino Parfum is invigoratingly transportive, evoking the lush citrus gardens of the Italian Riviera. This bracingly effervescent Parfum is a lyrical masterpiece, an amplified dimension of bold citrus that captures new levels of sublime refreshment. The first impression is of a sun-ripened citrus grove, featuring an increased concentration of a vibrant neroli accord. New to Neroli Portofino Parfum is a superior quality of bergamot, which yields a refreshing potency alongside sfumatrice lemon—obtained by a gentle scuffing of the fruit peel—and sparkling Italian blood orange. The enveloping warmth of rich florals meets effervescent citrus fruit in the heart of the fragrance as white florals, including jasmine sambac add dimension alongside a bold distillation of clary sage. Accompanying these intense florals is an increased concentration of pittosporum blossom accords, a flower known as “mock orange” for its unopened buds that resemble miniature oranges with a scent reminiscent of orange blossom. New to Neroli Portofino Parfum is neroli bud essential oil, obtained in an advanced process that distills the barely opened flower buds at the earliest stage of the blooming season, creating a fresh, orange flower-like facet that further amplifies the immersive sensation of a citrus garden. Sensual notes of amber-musk add a skin-gripping warmth for an enveloping, elegant impression. A sparkling vibrancy. A citrus masterpiece. Neroli Portofino Parfum is a scintillating escape to the Italian Riviera.

Tom Ford Neroli Portofino – Suggested Retail Price 50ml / €415
