

Sennheiser-konserni tuo AES NY 2023 -messuille innovatiivisia immersiivisen äänentoiston ratkaisuja ja asiantuntijanäkemyksiä

Neumann järjestää Grammy-palkittujen ääniteknikkojen kanssa mukaansatempaavia, äänentoistoa käsitteleviä paneelikeskusteluja ja esityksiä esittelytilassa 3D03

Sennheiser-konserni (esittelytila 3D03) isännöi Grammy-palkittujen ääniteknikkojen ja -tuottajien pitämiä eksklusiivisia esityksiä 155. kertaa järjestettävillä AES NY -messuilla. Tänä vuonna messut järjestetään 25.–27.10. Javits Center -kongressikeskuksessa New Yorkissa. Lisäksi Sennheiserin esittelytilassa on esillä kattava valikoima immersiiivisiä äänitys- ja miksausratkaisuja, ja vierailijoilla on mahdollisuus testata mikrofoneja itse. Neumann.Berlinin esittelyn kirkkaimpia tähtiä ovat KH-sarjan monitorit, mukaan lukien äskettäin julkaistu KH 120 II, NDH 30 -open-back-kuulokkeet ja urauurtava MT 48 -audioliitännätlaite. Merging Technologies puolestaan esittelee Hapi- ja Anubis-käyttöliittymiään ja Dear Reality muun muassa dearVR PRO-, dearVR MONITOR- ja dearVR SPATIAL CONNECT -liitännäisiään, jotka mahdollistavat tilaäänien monitoroinnin, miksausken ja automatisoinnin erilaisissa ympäristöissä.

Lisää alla englanniksi.

The Neumann demo room will be outfitted with a full 9.1.6 immersive system, including two pairs of stereo monitors that will showcase AMBEO 2-Channel Spatial Audio functionality.

SENNHEISER

Here, Neumann will host 11 different presentations featuring Grammy award-winning engineers and producers discussing and demonstrating their most recent immersive mixes on the Neumann immersive system. Additionally, the demo room will celebrate Neumann’s nearly 95-year history with a timeline displaying decades of the brand’s legendary products. The timeline will include beloved modern and classic mics, monitors and more, including but not limited to the U 87, M 149 and KU 80.

Presentation Series: Hear from industry-leading audio experts

Attendees will be treated to exclusive immersive demos and intimate question-and-answer sessions with decorated audio engineers and producers. The lineup of Grammy-winning presenters includes Justin Gray, Andrew Scheps, Ulrike Schwarz and Jim Anderson, George Massenburg, Chuck Ainlay, Jimmy Douglass, Michael Romanowski, Jeff Balding, Fab Dupont, and Morten Linberg. This stacked lineup has collectively worked with music icons ranging from Adele, Alicia Keys, George Strait, The Rolling Stones, Snoop Dogg and more. The complete demonstration schedule below.

TIME	Wednesday October 25	Thursday October 26	Friday October 27
11:00am-12:00pm	Justin Gray	George Massenburg	Jeff Balding
1:00pm-2:00pm	Andrew Scheps	Chuck Ainlay	Fab Dupont
3:00pm-4:00pm	Jim & Ulrike Anderson	Jimmy Douglass	Morten Linberg
4:30pm-5:30pm	Audio Educators	Michael Romanowski	

Presentations are open to all AES attendees on a first-come, first-served basis. Session dates and times are subject to change.

Up close and personal with Neumann’s microphone locker

The demo room will feature an isolation booth to allow visitors to test out a selection of classic and modern Neumann microphones. Microphones available to try include, but are not limited to the TLM family, U 87, U 67, M 49 V, KMS series stage mics, and the new Miniature Clip Microphone (MCM) system for close-miking instruments. An acoustic guitar will be provided.

With this, Neumann will be showcasing a variety of new products including the KH 120 II monitors, the NDH 30 open-back headphones, and the brand’s first-ever audio interface, the MT 48, developed in close cooperation with Merging Technologies. Boasting an expansive

dynamic range, top-tier converters, preamps, and headphone amplifiers, the recently released MT 48 establishes cutting-edge benchmarks in sound fidelity. Its integrated DSP power enables the creation of monitor mixes enriched with advanced EQ and dynamic processing, all effortlessly managed through an intuitive touchscreen interface.

The Neumann MT 48 audio interface and NDH series headphones will be featured at AES NY 2023

WMAS: Experience the future of wireless transmission today

In a separate, closed-to-the-public experience space next door (Demo Room 3D04), VIP customers will have the opportunity to participate in educational sessions about WMAS, the game-changing broadband wireless technology currently in development by Sennheiser. For more information or to request information or VIP access to the WMAS sessions, reach out [here](#).

About the Sennheiser Group

Building the future of audio and creating unique sound experiences for our customers - this is the aspiration that unites the employees of the Sennheiser Group worldwide. The independent family-owned company Sennheiser was founded in 1945. Today, it is managed in the third generation by Dr. Andreas Sennheiser and Daniel Sennheiser, and is one of the leading manufacturers in the field of professional audio technology.
