

Neumann @ NAMM 2026

Neumann.Berlin Showcases Immersive Audio Innovations and Reveals a New Microphone at NAMM 2026

Anaheim, CA – January 2026 – Neumann.Berlin invites NAMM attendees to experience the future of professional audio at ACC North Level 2, Booth 18810. Step into our immersive 9.1.4 demonstration room, where Neumann experts will guide you through a truly three-dimensional audio experience. Each day will feature four exclusive sessions with an impressive lineup of guest speakers, offering insights from some of the most respected names in the industry. A tentative schedule can be found below.*

Alongside these sessions, explore our Product Display Area, featuring Neumann's complete signal chain—studio monitors, interfaces, headphones, and microphones—working together as a seamless, integrated ecosystem.

January 24	4:00 PM – 5:00 PM	Dale Becker

About Neumann

Georg Neumann GmbH, known as “Neumann.Berlin”, is one of the world's leading manufacturers of studio-grade audio equipment and the creator of recording microphone legends such as the U 47, M 49, U 67, and U 87. Founded in 1928, the company has been recognized with numerous international awards for its technological innovations. Since 2010, Neumann.Berlin has expanded its expertise in electro-acoustic transducer design to also include the studio monitor market, building upon the legacy of the legendary loudspeaker innovator Klein + Hummel. The first Neumann studio headphones were introduced in 2019, and since 2022, the company has increased its focus on reference solutions for live audio. With the introduction of the first audio interface MT 48, and its revolutionary converter technology, Neumann now offers all the necessary technologies needed to capture and deliver sound at the highest level. Georg Neumann GmbH has been part of the Sennheiser Group since 1991 and is represented worldwide by the Sennheiser network of subsidiaries and long-standing trading partners. www.neumann.com.
