| Available formats | Retail 50 - 150 - 250 ml | Professional 500 ml |

Lotion P50 is a multi-purpose lotion which exfoliates, purifies, cleanses, sanitizes and regenerates the epidermis. The cornerstone of Biologique Recherche's epidermal reconditioning method, it is adapted to Skin Instants® prone to seborrhea and/or keratinization.

ACTION PLATFORMS

▪ Exfoliating platform

AHA, BHA, PHA, Cider Vinegar, Sulfur

▪ Purifying platform

Horseradish extract, Burdock extract, Complex based on Myrrh, Myrtle and Onion, Magnesium Chloride, Vitamin B3

▪ Sebum Regulating platform

Sorrel extract, Thyme essential oil

BENEFITS

- Daily removal of dead cells and impurities
- Helps regulate sebum secretion and purifies
- Promotes epidermis renewal
- Increases the resistance and quality of the epidermis
- Balances pH on the skin's surface

DIRECTIONS FOR USE

1. 1st week: apply the lotion on a cotton pad with water, then add lotion and apply onto the face, neck and décolleté by gently tapping with upward movements. Do not rub.
2. The following days: soak cotton pad with lotion only.

CAUTIONS

- Not suitable for children under the age of 3.
- Do not use on burned or irritated skins or during a retinoic treatment.
- Avoid contact with eyes and the eye contour.
- Avoid the immediate exposure to the sun after the application of the product.
- External use only.
