
Dear

Upcoming Light+Building 2020 we will present our latest designs and products in the world of architectural and decorative lighting. Next to our own design and product innovations, this year we also present two “Delta Light collaborations”. We will be revealing new products together with **UNStudio**, renowned architectural agency from Amsterdam and with lighting designer **Dean Skira**.

We will be organizing exclusive interview moments with the architect and designer on our stand. Both collaborations will be shown, explained and your questions will be answered by themselves. In exclusivity!

Want to be part of one of these sessions? Please let us know. The sessions are foreseen at the Delta Light booth on **Tuesday March 10th**, **between 2 and 5 pm**. Different 1 on 1 time slots for both sessions will be organized in function of the total number of interview requests.

Send your occupation, contact details and the session(s) you would like to attend to beverly.priem@deltalight.com **before 28/2/2020**. Depending on the number of interviews the time slots will be communicated to you after your confirmation.

Kind regards | looking forward to meeting you at our booth **Hall 3.1 stand B60**
Delta Light team
