# DESIGN

## EMOTIVE DESIGN WITH TIMELESS STYLE

### Exterior

The revised OCTAVIA features a new emotive design that is noticeable at first glance and comes across as dynamic and bold; the new design of the headlights and reworked bumper with a long chrome strip and integrated fog lights make the new OCTAVIA appear wider and more masculine, while the tail lights have the typical C-shaped design.

### Interior

Improvements have also been made to the interior with new decorative door trims, fabrics and new black/brown upholstery; fabric, leather or Alcantara® seats are available along with a heated steering wheel, while the Climatronic and infotainment come in a glass design; ambient lighting with a choice of 10 colours is available as an option.

# PACKAGE

## FEATURES AND SPACE FROM THE MID-SIZE SEGMENT

### Package

The OCTAVIA represents all of ŠKODA's strengths and values, delivers a best-in-class package and offers the features, space, style and technologies of the mid-size segment at a compact-segment price.

The boot is large enough to cater for the whole family and has a capacity of 590-1,590 l (Combi: 610-1,740 l); the legroom in the rear is 73 mm and the boot can fit items up to 2.92 m in length.

### Simply Clever

Newly added to supplement the tried-and-tested solutions: 2 USB ports and 230-V socket in the back, umbrella compartment, bottle holder for single-handed opening, removable LED torch in the boot.

# TECHNOLOGY

## A WIDE RANGE OF ENGINES AND GEARBOXES

### Powertrain

New 7-speed DSG transmission available for 2.0 TDI / 110 kW with all-wheel drive.

ENGINE	TRANSMISSION	DRIVE SYSTEM	ENGINE	TRANSMISSION	DRIVE SYSTEM
1.2 TSI / 63 kW	5-M	4×2	1.6 TDI / 66 kW	5-M	4×2
1.0 TSI / 85 kW	6-M / 7-DSG	4×2	1.6 TDI / 85 kW	5-M / 7-DSG	4×2
1.4 TSI / 110 kW	6-M / 7-DSG	4×2	2.0 TDI / 110 kW	6-M / 6-DSG	4×2
1.8 TSI / 132 kW	6-M / 7-DSG	4×2	2.0 TDI / 110 kW	6-M / 7-DSG	4×4
1.8 TSI / 132 kW	6-DSG	4×4	2.0 TDI / 135 kW	6-DSG	4×4

### Chassis

The revised OCTAVIA comes with a wheel base that is 20/30 mm wider, a range of 16", 17" and 18" wheels to choose from, XDS+ as standard, Driving Mode Select including personalisation and adaptive Dynamic Chassis Control (DCC), an electronically controlled multi-plate clutch for all-wheel drive, Hill-Hold Control.

### Functionality

Full-LED crystalline headlights with AFS and Corner Light function, two LED tail light variants with the typical C-shape, the appearance of a homogeneous lighting surface and contours to improve the car's aerodynamics; electrically adjustable, heated and foldable door mirrors with LED boarding spots, heated front and rear seats as well as independent heating with remote control.
