March 24, 2015 [In the Neighborhood](#) [No comments yet](#) 1

Columbia University will be hosting the New York City Urban Debate League on Wednesday for a lecture on the impact of Urban Debate. In the past several years the New York City Urban Debate League has had huge impacts at Columbia from workshops, tournaments, to several of our top debaters receiving full scholarships, partnering with the Columbia University Debate Team, and engaging Columbia University students. We are so thankful to the Columbia University Community for so many opportunities for our debaters. Thank You!
