

Press Release

EVOC PHOTO: CB 3I & CB 6I

MY CAMERA, MY EVOC, MY BLOCK

The practical CB 3I & CB 6I camera blocks let you take your system camera with you on tour and can be combined with EVOC backpacks upwards of 10 litres for photo adventures.

Fitted with a detachable, non-slip shoulder belt, the EVOC photo block will double up as an ideal backpack substitute and fully-fledged photo bag on the next city trip or photo safari requiring a modest amount of kit. The dividers in the interior of the well-padded, fluff-free block can be arranged as desired and the compartment shaped to accommodate a specific camera. Special T-shaped zip tags make it possible to zip/unzip

with one hand.

If more kit is needed for a professional photo shoot, or the system camera needs to be stowed safely in the backpack, the camera blocks can be used as additional stowage elements and transport protection - in EVOC backpacks upwards of as little as 10 litres.

The outer material used in the CBs consists of highly robust coated and waterproof nylon fibre. If the block comes into contact with rain or spray water, the droplets simply roll off the surface.

The **CB 3I & CB 6I** can be found in well-stocked specialist photography shops from the summer of 2019.

SPECIFICATIONS, FACTS & FIGURES:

CB 6 I

- Volume: 6 l
- Dimensions: 29 x 18 x 10 cm
- Weight: 300 g

- Price: EUR 60

In the last 20 years, we have travelled to more than 50 destinations – always in search of the best trails and most amazing powder runs. Finding the right backpacks and bags that met our requirements in terms of functionality, protection and quality was difficult. So, we started developing equipment according to our personal preferences. Since 2008, EVOC has stood for evolution and the concept of high-quality, sporty backpacks, bags and luggage – with a particular focus on proper protection. EVOC – PROTECTIVE SPORTS PACKS
