

## Introducing...Angel

**We've teamed up with 16 year old singing sensation Angel to record a new song *Unique (Me2U)* to celebrate the launch of ABC ME!**

NSW Performing arts student Angel, is fiercely passionate about singing and comes from a very musical family. If you're thinking she looks familiar, you may have seen her performing on *Australia's Got Talent* or *The X Factor*.

Together with Angel, we wanted to create a new sound for ABC ME with a song that reflects what ABC ME is all about. We wanted to create something that Angel really believes in and can be proud of. *Unique (Me2U)* is about celebrating our differences, our individuality and about being free to be yourself.

In collaboration with the music production wizards at Uncanny Valley, Angel combined her impressive vocal skills with savvy lyricism, injecting *Unique (Me2U)* with plenty of "Angel-isms" to produce this vibrant tune.

Describing the song, Angel says, *"It's about kids in general and how we see ourselves. How we need to make a change. We are the newest generation and we need to step up."*

Download *Unique (Me2U)* for free from [here](#) & you can catch the music video [here](#)

We followed Angel's musical journey as she prepared to record her first ever single - from finding out she would be creating the sound of ABC ME to her sessions in the recording studio, you can view it all [here](#)

Got the moves like Angel? ABC ME is looking for the most creative, high energy dance moves to cut a new video clip! Viewers are invited to send in their best dance moves (including them lip singing to Angel's awesome new soundtrack). The most creative videos will win a spot in a mega ABC ME film clip airing later in 2016. [More info here.](#)

*"My dream is to become a world travelling performing artist...I want to make memorable music and I want to make a living out of doing what I love...My plan is to learn my craft as best as I can and to connect that with other people."* – Angel
