

Cortado Offers Immediate Support for iOS 11

Productive, secure enterprise mobility for
iPhones and iPads without delay

(BERLIN, September 19, 2017) Software developer Cortado Mobile Solutions announces that its Cortado Server enterprise mobility solution will immediately support iOS 11. This means that companies can instantly benefit from all the features of the latest OS version.

Apple's new iOS 11 operating system includes many interesting new features designed for enterprise use. The Cortado product philosophy, which fully focuses on the potential of the mobile operating system itself, will enable Cortado Server customers to immediately deploy and professionally manage iOS 11.

Sven Huschke, CEO of Cortado Mobile Solutions said, "Our ability to immediately support iOS 11 means that Cortado customers can update their devices as soon as a new operating system is released, which will ensure a seamless transition and close any potential security gaps."

Cortado Mobile Solutions

Cortado Mobile Solutions creates enterprise mobility and file sharing solutions for companies, teams and freelancers. Whether on premises or from the cloud – Cortado solutions consistently focus on improving the user's mobile ability to perform. At the same time, the security requirements of companies are of the highest priority. Cortado Mobile Solutions follows the philosophy that the combination of working with native apps and the use of operating systems' own security architecture brings the highest levels of user acceptance.

An important mainstay for the company is its on-premises solution, Cortado Server. It is a unique enterprise mobility solution that combines the easy, secure management of mobile devices and apps with true mobile productivity. Cortado Cloud, the cloud variant of Cortado Server, enables mobile work without requiring installation or operation of its own server landscape. The portfolio of Cortado is completed by Teamplace – cloud storage for teams. It is available to private users as well as companies, teams, and freelancers who easily store, share, and collaborate on files thanks to Teamplace.

Cortado solutions are developed and tested at its headquarters in Berlin. In addition to the highly qualified consultants in Germany, we also have experts at our branch offices in the USA, UK, Australia and Japan ensuring availability and support for all our global customers.###
