PEREGRINA

Story

Thameen's newest fragrance Peregrina takes its name from "La Peregrina", the most valuable (famous) pearl in the world. This perfectly shaped centuries old pearl was prized by Spanish Royalty and later treasured by actress Elizabeth Taylor.

Peregrina oozes royalty, stardom and sensuality.

At its heart, the notes of opulent myrrh, alluring vanilla and the aphrodisiac Ylang Ylang flowers are carefully crafted together with rich aromas from the east, Rose Damascene, Jasmin and Gardenia, and aromatic base notes of amber and white musk

Peregrina extrait de parfum is as enticing and seductive as a tropical garden on a warm summer's evening.
