

PRESS RELEASE

REPA Expands its OEM Portfolio by Distributing Angelo Po Spare Parts Worldwide

Original parts from the Marmon Foodservice Technologies brand are now more accessible and delivered faster than ever before

Cesena, March 18th, 2026

REPA, the European division of Parts Town Unlimited and a leading distributor of spare parts for foodservice and refrigeration equipment, coffee and vending machines, is now the official distributor of original Angelo Po spare parts globally, except for Italy, the USA, and Canada.

Strengthening Service for a Leading Professional Kitchen Brand

Thanks to this partnership, all original parts of Angelo Po's most iconic models, from cooking systems, ovens, food preservation modules to warewashing lines are now even more accessible.

Stocking Angelo Po's inventory in REPA's automated fulfillment centers throughout Europe and the Middle East ensures that technicians have constant access, with a high level of service, to original parts from an OEM that has been manufacturing complete solutions for professional catering combining performance, innovation, and design for over 100 years.

In addition, REPA's industry-leading delivery times allow Angelo Po to rely on a valuable partner to speed up equipment maintenance and repairs, maximizing uptime.

Technology that makes finding parts seamless

Beyond fast logistics, REPA also enhances the service experience through its advanced digital tools. REPA's eCommerce platform and app offer seamless part identification and ordering, with multiple search options, by brand, appliance model, original part number, and more. With the help of AI-powered tools, technical manuals, and 360-degree images, technicians can quickly find what they need to repair any Angelo Po equipment, exactly when they need it.

A Partnership Built on Speed and Reliability

"Including this important brand within our portfolio of original parts, strengthen our ability to support the foodservice industry across Europe" says Alexander Wiegand, REPA CEO, who adds: "Whether technicians are servicing restaurants, hotel kitchens, or bistros, they can rely on REPA to receive promptly the Angelo Po parts they need to keep equipment running at its best."

“REPA’s infrastructure and expertise make them the ideal partner to distribute our original parts”, comments Andrea Lazzarini Viti, President of Angelo Po who continues: “Their commitment to speed and reliability perfectly aligns with our mission to ensure every Angelo Po installation performs at its highest level. This partnership means less downtime and better service for our customers across Europe and beyond.”

REPA

REPA is Europe's leading distributor of spare parts for foodservice and refrigeration equipment, coffee and vending machines, and a trusted partner to OEMs, delivering the right part at the right time.

With the world's largest inventory of in-stock original and universal spare parts, consumables and accessories, and a state-of-the-art network of automated fulfillment centers across Europe and beyond, REPA ensures the fastest delivery times in the industry.

AI-powered tools, 360° images, detailed exploded views, technical manuals and other search features available on its eCommerce platform and mobile app make part identification and ordering seamless. A team of industry experts speaking more than 20 languages helps customers find the perfect solution for every repair.

With REPA, keeping foodservice equipment running at its best every day has never been easier.

REPA is the European division of Parts Town Unlimited.
