PRESS RELEASE

REPA Presents the Planned Preventive Maintenance Kits for Nuova Simonelli and Victoria Arduino

Kits designed to plan the service work efficiently and keep the equipment's performance high.

Cesena, November 3, 2026

REPA, Europe's leading distributor of spare parts for foodservice and refrigeration equipment, coffee and vending machines, presents the **Planned Preventive Maintenance (PPM) Kits for Nuova Simonelli and Victoria Arduino.**

Ready-to-use kits for uninterrupted coffee service

Designed to support technicians and OEMs in the preventive maintenance, the Planned Preventive Maintenance Kits contain all the critical original spare parts needed for scheduled service interventions on Nuova Simonelli and Victoria Arduino coffee machines. Distributed by REPA, the kits are available in a few clicks through the intuitive REPA webshop and app.

Kits quickly delivered worldwide

Stocked at REPA's advanced fulfillment center in Cesena, where logistics expertise combines with automated systems to ensure efficient operations, the kits are delivered within a few working days to customers worldwide, this ensuring quick maintenance services.

Gilberto Guidi, Group Director Professional Coffee at REPA, comments: *"The introduction of Planned Preventive Maintenance Kits marks another step forward in our partnership with the Simonelli Group. By making critical original spare parts available in convenient, ready-to-use kits, we help make preventive maintenance a standard practice, enabling technicians to carry out scheduled service activities more efficiently. At the same time, we support our partner in maintaining the efficiency and performance of its innovative coffee machines throughout the complete lifecycle."*

"At Simonelli Group, innovation means supporting our customers throughout the entire lifecycle of their equipment," says **Virginie Sachs, Simonelli Group Global Sales Director**. *"Preventive maintenance plays a key role in ensuring long-term reliability, extraction consistency, and operational efficiency. By making our Planned Preventive Maintenance Kits for Nuova Simonelli and Victoria Arduino available through REPA, we are strengthening global*

access to original components and providing the service network with the tools needed to deliver faster, more effective support to coffee professionals worldwide."

About REPA

REPA is Europe's leading distributor of spare parts for foodservice and refrigeration equipment, coffee and vending machines, and a trusted partner to OEMs, delivering the right part at the right time.

With the world's largest inventory of in-stock original and universal spare parts, consumables and accessories, and a state-of-the-art network of automated fulfillment centers across Europe and beyond, REPA ensures the fastest delivery times in the industry.

AI-powered tools, 360° images, detailed exploded views, technical manuals and other search features available on its eCommerce platform and mobile app make part identification and ordering seamless. A team of industry experts speaking more than 20 languages helps customers find the perfect solution for every repair.

With REPA, keeping foodservice equipment running at its best every day has never been easier.

REPA is the European division of Parts Town Unlimited.
