Breast cancer is a complex disease that will affect **1 in 9** Canadian women during their lifetime. To support this cause, teapigs is incredibly proud to partner with and give back to a leading Canadian charity that is bringing bold and relevant awareness to young women affected by breast cancer.

About Rethink

Rethink Breast Cancer's mission is to empower young people worldwide who are concerned about and affected by breast cancer. It is the first-ever Canadian charity to focus on the 40s and under crowd and foster a new generation of young and influential breast cancer supporters.

About teapigs

teapigs is a premium tea brand that was created by two passionate tea lovers in the U.K. and was brought to Canada in 2014. What makes teapigs unique is the tea temple - a roomy, biodegradable mesh bag that offers all the space whole leaves need to infuse properly. Each sip of teapigs tea demonstrates a commitment to the highest quality: whole leaf tea, whole leaf herbs and whole flavours.
