Le Tsé Fung Restaurant One Michelin star

THE TREASURES OF ASIAN CUISINE

Steamed specialties, the great classics of Chinese cuisine: the legendary refinement of far eastern gastronomy is artfully cultivated between Lake Geneva and Mont Blanc.

FRANK XU, A VIRTUOSO OF SUBTLE FLAVORS

Representing the third generation of a dynasty of cooks, the Chef offers a resolutely high-end interpretation of Chinese gastronomy, renowned as one of the finest in the world. He notably excels in offering new takes and twists on traditional Cantonese dishes. Excellent produce, well-mastered cooking times, clever texture effects, plates that are as pleasing to the eye as they are to the palate... His Peking-style roast duck served in two stages is a benchmark in the domain. In keeping with tradition, the chef is backed by his personal team including four master chefs, each responsible for their own specialty: woks, dim sums, grilling and carving.

The marriage of textures and the fragrance of rare spices offer amazing culinary experiences, to be tasted in the quiet peace of private rooms or on the terrace.

A COMET ON A STAR-STUDED TRAIL

The Michelin guide has singled out Le Tsé Fung. Frank Xu originally hails from Shenzhen and initially exercised his talents in Geneva. It took him just over a year to gain this much-coveted recognition and earn Le Tsé Fung the first Michelin star ever awarded to a Chinese restaurant in Switzerland.

The Rossano Ferretti Hair Spa

An address that is both private and confidential belonging to the master of natural hair styling, the Rossano Ferretti Hair Spa at La Réserve Genève upholds its core values: an ultra-personalized approach and excellent execution.

A WHOLE NEW EXPERIENCE IN HAIR STYLING

Located at the heart of the Spa Nescens at La Réserve Genève, the salon interprets the brand's understated and refined elegance through a combination of minimal lines, wenge wood and off-white tones. It focuses on creating a discreet and serene atmosphere propitious to listening. *"Each detail contributes to the quality of sensations that ensure an experience in a league of its own, because true luxury lies in the quality of the time we enjoy, in our ability to savor the experiences thus lived to the full"*, explains Rossano Ferretti.

THE CREATOR OF THE INVISIBLE CUT

His instinctive vision, both revolutionary and incredibly demanding, has resulted in Rossano Ferretti often being called *"the most prestigious hair stylist in the world"*. Inspired by his many trips all over the world and his extreme awareness of different forms of artistic expression, he has developed an exclusive approach to hair styling.

"Hair is a malleable material, a vibrant body with a life of its own. If we learn to observe, read and interpret it, hair will follow our wishes and fall into place, without rebelling. That is why I think that a haircut should be more like a work of art than a mathematical calculation."

Lorenza Ferretti - Artistic Director

The invisible cut is his signature, totally personalized for each woman. It serves to exalt the hair's true potential, perfectly in harmony with the inner personality of each individual. Hairstyles distinguished by their sense of movement – never stiff, overdone or stereotypical – embody an ideal blend of elegance and spontaneity, enabling women to be entirely themselves. Each cut, each color and each treatment is designed to enhance beauty while ensuring complete respect for each personal style.

"I live and breathe for this profession, which I've always loved and respected in every possible way. Through working with hair, I have played a part in the transformations that have marked my era, and I continue to do so..."

Rossano Ferretti
