# NÄMMARÖ

Sometimes it's good to be square. The new NÄMMARÖ collection offers modular furniture that can be combined to create your own oasis. You'll find sun loungers and chairs for long and lazy days, sofas that allow you to invite many guests, and tables for intimate dinners or big families.

“When we designed NÄMMARÖ, we wanted to create a family of modern outdoor furniture that can both blend in and stand out. The square frame used throughout the series contributes to a uniform look and ties the different products together. The soft honey colour ages with grace and is easy to match with things you already have at home and the greenery on your balcony or terrace.”

Boho vibes meet weather-resistant natural fibres. Our TVARÖ collection of rattan sofas is handmade by skilled craftspeople, which makes every product unique. To give TVARÖ protection against different types of weather, we keep the skin on the rattan poles, dip other parts in mud and use a water-based lacquer.

PH191280.jpg

### Seating to suit your space

The TVARÖ collection offers seat sections that can be combined to create larger sofas or kept alone as a single chair. You'll also find different-sized cushions and covers to complement the frame.

“My idea with TVARÖ was to create a simple design that allows the natural beauty of the rattan to take centre stage. At the back of the chair, the beautiful hand-woven expression is clearly visible.”
