The Singles Championship Trophy weighs 10 pounds and stands 18.5 inches in height. Tiffany & Co.'s artisans at its Cumberland, Rhode Island workshop employ age-old techniques such as spinning, silversmithing, turning, casting, wire forming, soldering, hallmarking, polishing and hand engraving to create the trophy over a course of approximately five months.

For the second year in a row, prior to the Singles Championship ceremonies, a Tiffany & Co. branded display will be placed on the court to deliver the full suite of US Open trophies. Tiffany & Co. will also oversee on-site hand-engraving of the singles keepsake trophies immediately following the match. Each singles champion will now be able to leave the US Open with their engraved, keepsake trophy in hand.

Tiffany & Co. creates the US Open trophies for the Singles, Doubles, and Wheelchair tournaments each year. Having debuted alongside the Singles Championship Trophy in 1987, these legendary tennis trophies are each a sophisticated tribute to the tournament and illustrious symbols of Tiffany's world-renowned craftsmanship.

Tiffany & Co. creates trophies for many of the world's greatest sporting events. Inspired by the transcendent form and energy of competition, these revered symbols of athletic achievement are a lasting tribute to the athletes' dedication and the highest standards of excellence.
