

PRESS RELEASE

REPA IS NOW PARTNERING WITH NUOVA SIMONELLI AND VICTORIA ARDUINO IN AUSTRALIA AND NEW ZEALAND

Original spares parts for coffee machines and grinders now available on the REPA ANZ 100% OEM webshop

REPA, the leading European spare parts provider is now **official distributor** of spare parts for Nuova Simonelli and Victoria Arduino, the renowned coffee machines manufacturers, in Australia and New Zealand.

A wide range of **original spare parts** of these relevant brands is now available on the **REPA ANZ webshop, the first 100% OEM B2B one-stop shop** to the benefit of the service technicians community of the Pacific region. Designed with ease of use in mind, this user-friendly webshop features advanced search options based on original part numbers and device specifications. Moreover, exploded views and technical drawings simplify the process of finding the right spare part.

The logistic centre of Wollongong, Australia, already operated by the REPA company Big Warehouse, guarantees the fastest delivery time of the Nuova Simonelli and Victoria Arduino top sellers, with orders shipped on the same day when placed by 2pm EAT.

Alexander Wiegand, CEO of REPA, explains: *“Partnering with Nuova Simonelli and Victoria Arduino in the Pacific region represents an opportunity for the whole spare parts industry. Technicians now benefit from the quickest delivery times for these high quality Italian brands whereas the impressive pick accuracy rate of 99.99%, guaranteed by the unparalleled inventory management by REPA, ensures they always receive the right part. On the other hands, manufacturers can experience how REPA partner solutions can support manufacturers even in the more distant regions, allowing them to concentrate on their core business, the development of the most advanced equipment.”*

REPA ANZ

REPA ANZ is a leading distributor of 100% genuine spare parts for foodservice equipment, coffee machines, vending machines, and household appliances and has established itself as a trusted partner for equipment manufacturers. The team operates out of the local distribution centre in Australia and is supported by the sister company Big Warehouse and the European REPA. Since 2022, REPA has become a division of Parts Town Unlimited, an international leader in the high-tech distribution of critical equipment replacement parts, as well as related products and services for the foodservice, residential appliance, and HVAC industries.

Across REPA, customers benefit from extensive expertise in spare parts, backed by over 40 years of experience in the market. REPA operates through various subsidiaries, including REPA Deutschland, REPA Italia, REPA Iberia, REPA France, ATEL and Big Warehouse. By leveraging state-of-the-art webshops and maintaining the industry's largest inventory with a designated local customer service team, REPA ensures availability of mission critical parts within its innovative logistic centres to facilitate the fastest delivery of spare parts in the industry. REPA strives to provide every customer with the right part, at the right time, everywhere.
