

CONQUEST (30 mm)

L3.320.5.02.6

It was in 1954 that Longines registered Conquest as its first collection with a protected name. Over the years, Conquest watches have always remained true to their original spirit, blending timeless design, cutting-edge technology and sporty elegance.

This 30 mm model is crafted in two materials – stainless steel and gold – and includes a bezel with an 18 ct rose gold cap and an 18 ct rose gold crown. It is water-resistant up to 10 bar (100 m) and features a snail green sunray dial with applied rose gold-plated hour markers and Super-LumiNova® treatment at 3, 6, 9 and 12 o'clock. The date aperture is at 6 o'clock. The watch is driven by an exclusive Longines self-winding mechanical movement equipped with a silicon balance-spring and new components made of non-magnetic material. It comes with a stainless steel bracelet.
