Good vibes incoming

Launching
April 2025

Ready for a fresh start?

Whether you're moving into your first home, preparing for tiny feet, or just looking to refresh your space, new beginnings are exciting but can also feel a little overwhelming.

Will a pink cushion or quirky egg-themed bedding change the world? Maybe not, but they're more than decor. They're little moments of joy, making you smile and think, "Yes, this is my place."

This season, we're introducing three vibrant coordinations full of bold patterns, lively colours, and playful details that'll light up your home. Looking for just one or two pieces? We've got that, too.

Because those good vibes? They make your home feel like yours.

“When designing the spring 2025 textile collection, I wanted to focus on new beginnings. All things bright and optimistic. I included soft pastels and vibrant hues to create a feeling of bloom and to inspire moments of joy and connection to nature. I especially love the sunny side up egg on ÖGONLOCKSMAL cushion cover – it brings a twinkle to your eyes! I hope this collection helps everyone to welcome the arrival of spring into their homes with open arms.”

Hannah Wilcox, Designer

Brighten up

You don't need to go big to refresh your home. A smiley FRÖVÄXT vase, an ÖGONLOCKSMAL egg-themed cushion and a SPETSBOJ table lamp will instantly lift the entire room, and bring a touch of joy to your every day.

A smile

...from every angle

The iconic LYCKAN chair comes in classic birch, black (limited markets only), and a new bright yellow wood veneer for instant good vibes.

"I enjoy working with simple, basic shapes, but I also want to find a personality in what I design. With LYCKAN, I aimed to create a dining chair that makes you happy. An everyday friend that is easy to like, both when you see it and when you sit on it. With a soft, rounded back that embraces you, and a nice flexibility in the seat. Hopefully, a relationship with the chair will arise, grow, and mature with all dinners and moments you enjoy in it."

Henrik Preutz, Designer

Get comfy!

The cantilever design offers a gentle bounce and curves that mould to your body shape, keeping you comfy whether you're enjoying dinner or lost in a good book. Plus, the warm wood grain shines through, adding an inviting touch that begs you to sit back and stay a while.

"When designing KRÖNIKÖR shelf, I wanted to explore what storage can be in a world where we live in smaller spaces and maybe have fewer things to store. It's functional, works for display – and stands out with its bold colour and shape."

Lukas Bazle, Designer

Small space, big personality

Meet KRÖNIKÖR - expressive new shelving for storing books, vinyls, and all those little treasures that make a house feel like home. Compact and light, the freestanding shelves are ideal for small spaces and can be placed in any room – snug by the wall, tucked behind the sofa, or steal the spotlight in the middle.

Need more space? it's easy to place several KRÖNIKÖR side by side to create a beautiful display and keep the memories growing.

Meet your new kitchen hands

"The inspiration for the BRUGDHAJ series comes from traditional mustard jars and other rustic stoneware with a glazed surface. My idea is that it serves as practical everyday food storage, suitable for everything from dry goods and spices to sauces and utensils. The crafted look has a tactile feel with a mix of matte and glossy finishes. I hope many find it so decorative that they keep it on display on the kitchen counter or put it on the dining table for a nice table setting."

Francis Cayouette, Designer

Your kitchen co-stars await

The traditional, glazed BRUGDHAJ series, in beige, brown, and blue stoneware, is perfect for storing and organising. Be it salt and pepper, olive oil, utensils, or potted herbs, these jars fit right in on your worktop or shelf, keeping everything within reach. The downside? They can't whip up a lasagne—that part's on you.

Made from at least 50% recycled plastic, it's freestanding and can be placed anywhere – in a cupboard, under a bench, or on a shelf. The clever foldable lid lets you stack bins up to 90 cm high while still being able to reach inside.

With its compact, stackable design and built-in handles, trips to the recycling station are a breeze – meaning less time for waste, more time for fun. Not rubbish at all!
