Dress: Prada

Get-the-Look

Inspiration: "The "Sleeping Beauties/Garden of Time" theme felt incredibly elegant and fresh. Amanda's Prada dress reminded me of the gilded age and a very romantic look took shape, mixed with the (slightly more) modern influences of both Audrey Hepburn and Grace Kelly. An elongated cat-eye shape, reminiscent of Audrey's signature flared eyes, mixed with intense pink blush washed from cheekbones to temples created a look of romance and springtime."
