*We create the foundations
of your home, to inspire the
stories of your life.*

For the past 25 years, we have been creating timeless furniture and accessories manufactured from quality materials. True to our values, we have maintained our goal to produce good design, distinguished by authenticity, simplicity and quality, as well as creativity and innovation. We rely on our unique expertise to create singular designs ready to embellish your daily life durably. Today, our accessories family is expanding with the launch of a new line of home textile products, all designed by US artist Dawn Sweitzer, who created the entire Notre Monde collection.

In this catalogue, you will find everything you need to turn your interior into a warm, inspiring and delicate home. Give into the sensuous comfort of an elegant cushion or a cozy throw!

DESIGNER

DAWN SWEITZER

From her childhood in Ohio's great outdoors, her curiosity for life and her many travels around the globe, Dawn Sweitzer has collected images and sensations, which she now channels into her work as an artist without limitations. Her multiple inspirations have given rise to extremely rich pictorial compositions, based on abstract, complex and modern patterns, arranged into combinations and successive layers interacting with materials, colors, textures and finishes. Today, the artist uses her spacious studio, located in High Point, North Carolina, as a playground where she is free to experiment different techniques and explore a variety of objects, including trays, mirrors and tables for the Notre Monde collection. This is also the place where she wove on her artisanal loom the first designs for the new Ethnecraft home textiles line.

"I am fascinated by the way beauty can manifest when something doesn't go right during the creative process."

REFINED LAYERS

Manufactured in a Belgian family-owned weaving mill, this first collection named "Refined Layers" consists of cushions and throws featuring abstract patterns for an understated and original look. They are manufactured from Jacquard fabrics woven mainly from cotton, linen and wool, which blend together to create a play on textures and assorted shaded tones. Mix and match freely with this plush and cozy collection.

SPINDLE BENCH

“For this collection, I wanted to achieve a sense of balance between a modern, uncluttered style and my own bohemian and refined influences.”

*Fluff up your cushions regularly to
ensure they stay light and feathery.*

Our cushion covers and throws are crafted from the best weaving yarns which are primarily produced in Belgium, France, Italy and Peru. By consciously choosing natural fibers – such as cotton, wool and Belgian linen – we stay true to our values: design pieces full of character, made from quality materials that age beautifully.

HOW TO TAKE CARE OF OUR HOME TEXTILES

The cushion covers and throws are not allowed to be washed, we recommend dry-clean only. Fluff up your cushions regularly, this will allow the down to breathe, ensuring the cushions stay light and feathery.

Every few months, on a sunny, clear day, lay your pillows in the shadow outside. Fluff them up several times and turn after about an hour. The heat will dry out any slight moisture. In addition, the fresh air will give your pillows a wonderfully clean smell.

Tips and tricks for spot cleaning:

- Treat stains immediately.
- Blot up as much of the spill as possible with a clean, dry, white cloth. Don't rub.
- Blot the stain with a clean, slightly damp white cloth, working from the outer edge to the center of the stain.
- Use a hair dryer on the lowest heat setting to evenly dry the fabric and prevent moisture rings.
