HOOT HOOT GO!

Meet the Owl Pals!

Hoot, Hootabelle, and Hootly live in the Button Tree and go on hootastic adventures in the Land of Giggle and Hoot. Playing together is their most favourite thing of all, from making super cool cubbies to Cloud Bouncing in the sky. Every night they go on The Night Watch to make sure everyone is alright in the nighty-night.

The Owl Pals also love to visit their friends - having piratey adventures with Pirate Hootbeard, visiting Hootaluna on her moon, and playing games with Giggle Fangs in his Batty Lair. Anything is possible in the land of Giggle and Hoot!

Whenever someone needs help, the Owl Pals work together to solve the problem!
Hoot Hoot Go!

They're the best of friends - always playing, having fun!

HOOT

Hoot is a little blue owl full of enthusiasm! The best thing ever in his opinion (other than owl snacks and owl naps) is spending time with his friends playing, hooting or cloud bouncing.

HOOTABELLE

Hootabelle is a very strong and confident purple owl. She loves a good adventure and if there's a problem, don't worry, she's got this!

HOOTLY

Meet Hootly. She's a passionate little orange owl with a super keen brain! Curious and inquisitive, Hootly loves fixing things and can find solutions to Abso-hootly any problem that comes her way!

PIRATE HOOTBEARD

Pirate Hootbeard is the most legendary piratey pirate with the mightiest YARRR! He lives on Button Island with his most treasured toy, Pirate Mini-Hootbeard.

The Owl Pals love visiting Pirate Hootbeard and going on awesome piratey adventures through the Hootastic Seas and up into the skies in his amazing Flying Giggle Ship.

The Owl Pals are always there to make it the best piratey adventure ever!

GIGGLE FANGS

Giggle Fangs is a little bat who lives at the edge of the Giggle Forest in his Batty Lair with his favourite toy, Giggle Bug.

He has Super Sonic Bat Hearing- *beepity beep beep beep!* But in a land filled of colour and song, Giggle Fangs likes it nice and dark and quiet.

The Owl Pals love helping Giggle Fangs have a bat-tastic time!

HOOTALUNA & GIGGLE BOT

Hootaluna is the most amazing space-exploring owl in the Giggle Galaxy! She lives on her own moon with her loyal Moon-Bot friend, Giggle Bot.

The Owl Pals love visiting Hootaluna's Moon as there's always something awesome to do – like super cool moon dancing and moon bouncing!

Hootaluna and Giggle Bot have a moon-tastic time with the Owl Pals!
