Our view on prices

"June was another bad month for motorists with the price of petrol going up again.

"While it was only a penny and a half it makes for a rise of more than 10p since the start of March. Filling up with unleaded is now £5.64 more expensive. But it is good news that fuel prices are so far weathering the Brexit storm"

Simon Williams
RAC fuel spokesman

Tax currently makes up **69%** of the price of a litre of unleaded or diesel

Current tax: fuel duty (57.95ppl) and VAT at 20%
