A textured fusion celebrating sandalwood, SANTAL BLUSH presents exotic spices enhanced with luxe ylang ylang, warm cinnamon, and sumptuous woods – seducing with a modern, second-skin warmth.

BOIS MAROCAIN

"I wanted a stimulating wood-centered scent, and became interested in Thuya wood, a coniferous tree that is considered quite special and rare."

—TOM FORD

Spicy and stimulating, BOIS MAROCAIN evokes the earthy treasure of Thuya wood – and the artisans who sculpt with the mystical material.

BOIS MAROCAIN features the darkly opulent essence of the ancient Thuya tree. Known for a molten aroma as captivating as the abstract forms in its heartwood, the scent uncoils powerfully, faceted with the spicy freshness of pink peppercorn and cedarwood Atlas Orpur.
