

10 things to know about the Google TV Streamer (4K)

1	<p>Introducing the Google TV Streamer (4K)</p> <p>Meet the Google TV Streamer, the next-generation 4K streaming device from Google.¹ Featuring an even faster processor, a sleek, reimagined design, and the best of Google TV, the Google TV Streamer delivers your favorite entertainment quickly, easily, and personalized to you.^{2,3}</p> <p>The Google TV Streamer is \$99.99 and comes in two neutral colors – Porcelain and Hazel – to match any home.</p>
2	<p>Your entertainment is built around you</p> <p>With Google TV, access over 700,000 movies and TV shows through apps like YouTube, Netflix, Disney+, Max, Prime Video, and more. You can also watch live TV with more than 800 free channels organized in one place alongside all your subscriptions.⁴ Build your personal watchlist, get tailored recommendations powered by Google AI for everyone in the home, and use your voice to search across all your apps at once.⁵</p>
3	<p>Watch in 4K with cinematic visuals and immersive surround sound</p> <p>Upgrade your TV-watching experience and see your favorite movies and TV shows in stunning 4K HDR with Dolby Vision, plus hear every detail and emotion with Dolby Atmos.^{3,6}</p>
4	<p>A giant leap in performance</p> <p>The Google TV Streamer lets you enjoy snappier streaming with double the memory and a 22% faster CPU than the previous generation. Download your favorite apps without worrying about running out of space with 32 GB of storage.³</p>
5	<p>Channeling the best of Google</p> <p>The Google TV Streamer works seamlessly across the Google ecosystem. You can cast content from compatible Android or iOS apps or transfer media to your TV, see your favorite memories from Google Photos, or add your TV to your speaker groups and control music directly from your TV. Want an even more immersive listening experience? Pair your Pixel Buds Pro to use spatial audio.⁷</p>
6	<p>A new, redesigned voice remote</p> <p>The Google TV Streamer comes bundled with Google’s redesigned voice remote. The new remote is now easier to use and more comfortable in your hand, with a textured back and an optimized button layout. It also comes with a new customizable button, which you can program to immediately launch your favorite app, switch inputs, or open the home panel to control your smart home. And when you can’t find your remote, you can make it ring using</p>

	your voice or with the press of a button. ⁸
7	<p>The center of your smart home</p> <p>Get hands-free help using the microphone button on the voice remote or control your smart devices directly from your TV using the new home panel – turn on your lights, start an automation, or check to see if a package was delivered.^{5,9}</p> <p>The Google TV Streamer doubles as a hub for Matter and Google Home, connecting and controlling compatible devices over your home network instead of the internet. It also has a Thread border router built in, extending the overall strength, capability, and reach of your smart home.</p>
8	<p>Uninterrupted streaming</p> <p>The Ethernet port on the Google TV Streamer allows it to be connected directly to your router, so you can experience the best streaming quality possible even if your Wi-Fi signal is weak.</p>
9	<p>Thoughtfully designed for your home and the world around it</p> <p>With a reimagined, premium design, the Google TV Streamer fits right into your home, and can be tucked away under your TV on a media console.¹</p> <p>It comes in two beautiful colors – Porcelain and Hazel (US only) – and is made with over 65% recycled plastic materials, making it better for the home and the environment.¹⁰</p>
10	<p>Get the Google TV Streamer for \$99.99</p> <p>Purchase the Google TV Streamer for \$99.99 from GoogleStore.com or your nearest retailer.</p>
