

★ Blue Book 2024 *Tiffany* CÉLESTE

Blue Book 2024: *Tiffany Céleste* traverses the cosmos in a journey far beyond our world, offering a glimpse into Jean Schlumberger's boundless imagination. Fantastical, poetic and ethereal, the new collection by Tiffany & Co. Chief Artistic Officer Nathalie Verdeille draws exclusively from Jean Schlumberger's repertoire, reimagining his celestial themes into wondrous new creations that showcase exceptional craftsmanship—the hallmark of Tiffany High Jewelry.

WINGS

Wings are a ubiquitous motif within Jean Schlumberger's repertoire. Symbolizing flight and fantasy, the designer's iconic wing silhouettes transform into a luminous story rendered in diamonds and sapphires.

Inspired by Pegasus the elusive winged horse, diamond intensive creations pay homage to the figurative nature of this mythical creature evoking a divine and ethereal spirit.

ICONIC STAR

Inspired by an archival Jean Schlumberger sketch, this chapter explores the star silhouette as an iconic symbol of the universe, expressed in two suites that are characterized by inverted colors. One suite features a starry night of diamonds punctuated with sapphires while another evokes a evening sky comprised of blue zircons, freeform aquamarines, mother-of-pearl and diamonds.
